triton 850W
Dowel Joiner TAB50DWL

- **Adjustable bevel guide** allows the angle of the holes to precisely match the angle of the joint
- **Retractable gripper pins** for increased stability when drilling near the edge
- **850 Watt motor** provides high power for easy drilling in the hardest woods
- **Adjustable drilling depth** allows the holes to be drilled to any depth up to 40mm to match the dowel and the design
- **Adjustable edge spacing** allows fast accurate setting of the distance of the holes to the work piece edge
- **16,500 RPM** assures a powerful, smooth action for deeper holes
- **Range of special dowel drill bits** supplied including 2 x 6mm, 2 x 8mm and 2 x 10mm
- **3m Cordset** allows extra freedom of movement
- **Handy kitbox** provides safe storage and easy transportation of the tool

Technical Specifications

Part no: TAB50DWL
 Voltage: 230 – 240V
 ~ 50Hz
 Input power: 850W
 No load speed: 16500 RPM
 Drill bit spacing: 32mm
 Drilling depth: 0 – 40mm
 Bevel angle range: 0 – 90°
 Edge to edge spacing: approximately 7 – 42mm
 Weight: 2.7kg (5.9 lbs)

Features

- | | | |
|-------------------------------------|------------------------------|------------------------------|
| 1. On/off switch | 8. Handle | 15. Depth guide locking knob |
| 2. Motor housing | 9. Bevel guide | 16. Zero marker |
| 3. Carbon brush cap | 10. Bevel guide locking knob | 17. Edge guide |
| 4. Bit holder (x2) | 11. Perspex window | 18. Edge guide ratchet knob |
| 5. Bit clamping screw (x2) | 12. Face plate | 19. Edge guide locking knob |
| 6. Drill bit (x3) | 13. Gripper pins | 20. Additional drill bits |
| 7. Dust extraction port (not shown) | 14. Depth guide | 21. Hex key |
